Language and Heritage: Resources for the English Language Classroom

Dr Anitha Devi Pillai (National Institute of Education, Nanyang Technological University, Singapore),
Ms. Aileen Chai (Ministry of Education, Singapore),
National Archives of Singapore & National Heritage Board (Singapore)

Have you wandered through the Internet for hours looking for materials to use in your English language classroom only to find that many of the sources may not be accurate or well-written?

Did you know that a range of audio, visual and written materials is readily available and can be adapted for our classrooms quite easily?

Come and join us at this workshop as we take you through the resources of National Heritage Board, Ministry of Education and National Archives of Singapore, and explore how these resources can be used in your classroom.
